Installation for Aluminium U channel base

- A. U channel
- B. L shape gasket
- C. Adjustable gasket
- D. Allen wrench (installation tool, not included in our products)
- E. Bolt

Step 1: Fix the channel base by bolts (3 bolts per meter)

Step 2: Put L shape gasket into the channel

Step 3: Put glass in

3pcs per meter

Step 4: Put in the adjustable gasket and use the Allen wrench to fix the screw as on below picture

Step 5: Fix the water-proof rubber on the top

Done!
